Joseph A. Mastrocola
Superintendent of Schools

Cara E. Murtagh
Assistant Superintendent

September 12, 2013

Dear Parents/Caregivers,

The Peabody Public Schools is committed to providing all students with a safe learning environment that is free from bullying. We want to provide every student with the opportunity to develop academically, emotionally and physically in a supportive atmosphere.

The Peabody Public Schools will take specific steps to create a safe, supportive environment and provide students with the skills, knowledge and strategies utilizing the Olweus Bullying Prevention Curriculum grades K-12.

The Peabody Public Schools Bullying and Prevention and Intervention Plan is a comprehensive approach to addressing bullying, cyber-bullying or retaliation that may compromise the safe learning environment for any student. The district is committed to working with students, staff, families, law enforcement and the community to address and prevent bullying within our schools.

To read and view the Peabody Public Schools Bullying Prevention and Intervention Plan in its entirety, please see the Student and Parent Handbook.

Thank you for your continued support and cooperation.

Sincerely,

Peabody Public Schools Principals
